

Alpha Data Recruitment is an Emirati establishment based in Abu Dhabi. It is one of the few companies in the UAE legally licensed to outsource people to government organizations and commercial enterprises in the Emirates.

## THE TEAM

The company is comprised of a team of individuals who have experience in the IT, Construction, and HR industries. With many years of successful work behind them they are able to bring their talent and skill to customers and provide outstanding service.

## RECRUITMENT

Alpha Data also offers recruitment services to customers, we have an accurate understanding of management issues. In our recruiting process, we rely primarily on our databank tackling various areas of expertise and economic activities: Sales, Marketing, Banking, Finance, Accounting, Auditing, IT, Engineering, Communications, Human Resources and many other professions. Our databank is updated on daily basis, growing each day.

## THE MISSION

Guided by a primary principle of "bringing out the best in everyone we work with" our level of service is second to none. The people who we provide to clients are well suited to their job and are kept motivated through the efforts of the Alpha Data Recruitment team.

"We have who you need" is the company tagline and is one of the most important activities of the company. By constantly searching for the best people from around the world, and maintaining a database categorized by skill and experience level.

## OUTSOURCING

The primary activity of the company is outsourcing resources to customers who are looking for excellent people who are able to contribute to the organizations they work for. Alpha Data Recruitment also actively manages all of the outsourcing requirements of our sister company Alpha Data. With a long standing reputation in the market the company now outsources more than 130 individuals in the UAE.
